Technische Hochschule zu Darmstadt
Lehrstuhl für reine Mathematik

Geheimer Hofrat Professor Dr. Dingeldey

Darmstadt, den 15. Juli 1931.

Dem Studierenden der Elektrotechnik Herrn Johann Balla aus Dada (Ungarn) bescheinige ich hiermit, dass er meine Vorlesungen über Höhere Mathematik nebst den zugehörigen Übungen im Sommer-Semester 1931 regelmässig und mit grossem Interesse besucht hat.

Dingeldey.

DSI

D I N G E L D E Y, Friedolin Gustav Theodor Karl Wilhelm - German Mathematician

B. December 16, 1859. Darmstadt
D.

Mainly known as prominent pedagogue in the field of Higher Mathematics who urged a complete reorganization of mathematical studies at the German Universities. He published a few highly appreciated volumes with problems on Differntial and Integral Calculus with their solutions.

WEINER

A.P.S. ½ p. 4to, Darmstadt, July 15, 1931 confirming to an Hungarian Student to have attended his lectures on Higher Mathematics.
